

# **PANTHER TRACE COMMUNITY DEVELOPMENT DISTRICT**

---

## **Capital Improvement Project**

Attached is a photo review of the areas to be considered for development in the 2007 Capital Improvement Project. This is to aid the board in deciding which common areas to further improve. The CDD map has been serialized for easy reference of the locations of these sites. The proposed grounds are categorized in the following manner:

### **Recreational Elements**

- 1. Neighborhood Parks**
- 2. Multi Purpose Field**

### **Entrance Features**

- 1. Main Entrances**
- 2. Secondary Entrances**

### **Other Common Areas**

- 1. Cul-de-sac Improvements**
- 2. Common Area Enhancements**

Each photo has a footnote providing the serial code for reference to the map, a verbal description of the location, and specific landscaping deficiencies, where applicable.
